

Upgrading Boxer 4K30 to Mirage 304K

These instructions explain how to upgrade from Boxer 4K30 to Mirage 304K.

Required hardware

The following hardware is required to upgrade to Mirage 304K.

- Boxer 4K30 to Mirage 304K Upgrade kit (144-119102-XX), which includes:
 - 2 x TDPIC card (Twin DisplayPort input card)
 - 1 x Mirage 304K documentation
 - 1 x 3D Upgraded label
- Computer running Christie Twist v2.3 or above
- License file (.key) provided by Christie Technical Support
The license file (.key) is only valid for the Boxer 4K30 unit serial number(s) specified at the time of order.

Upgrading the projector

The upgrade license is added to the projector using the Christie Twist v2.3 or higher application.

1. Before proceeding, confirm the serial number of the projector matches the unit(s) specified on your purchase order.
2. Unzip the license file (.key) to a known location on your computer.
3. Power on the Boxer 4K30 projector.
4. Ensure the software version is 1.2.0 or higher.
If necessary, upgrade to the latest software.
5. Connect both the Boxer 4K30 projector and the computer running Christie Twist to the same network using Ethernet.
6. From the Start menu of the Christie Twist computer, select **Christie > Twist 2.x > Christie Projector License Utility**.
7. In the Christie Projector License Utility dialog, click **Browse**.
8. Navigate to the location of the unzipped license file (.key), supplied by Christie Technical Support, and select it.
9. From the Projectors list, select the projector you want to apply the upgrade to.

10. To upgrade the projector, click **Apply**.
11. Reboot the projector.
12. Install the two TDPIIC option cards.
13. Apply the 3D upgrade label to the upgraded projector under the card cage in the location shown.

14. Repeat steps 3 to 13 for each additional projector.
