Sermons that inspire, teachings that enlighten.
Deliver the message that matters with Christie solutions.

Whether it's lyrics to a hymn, words to help bring perspective, or an integral part of a celebration or seasonal event, in today's places of worship it's important to make sure that the message is received by your congregation – whether they sit in the first row or the last pew. Visual displays can captivate and assist in your weekly services and other programs outside of traditional worship services. Over the past eight decades, Christie has established a reputation for delivering high-quality, reliable solutions and providing unprecedented levels of customer service and support. Christie solutions can help you deliver the message that matters.

CHRISTIE[®]

Christie solutions are brighter than ever, easier to install and cost less over the long term with more innovative display technologies. Your investment with Christie is returned with unparalleled customer service, consistent, reliable performance, and powerful images.

- User friendly
- Dynamic on-the-fly innovation
- Low cost of ownership
- Reduced consumables
- Seamless integration with other technologies
- Easy to use, manage and maintain
- Industry-leading warranties, service and support

Whatever your vision might be, from a home fellowship to a megachurch, only Christie delivers the best visual display solutions – anywhere, every time!

Churches choose Christie® MicroTiles™

Christie® MicroTiles™ are a practically seamless digital canvas that produce ultra high-resolution images that have not been seen until now. You can now think outside the rectangle and go beyond traditional flat panels and screens. Picture a modular design that locks together in seconds, can be stacked in any number of shapes and sizes, and mounted on a wall when space is at a premium. Christie MicroTiles provide a solution that offers the best color saturation that doesn't wash out in high ambient light.

Churches choose Christie video processors and switchers

Rely on Christie for video switchers, real-time windowing and composition products for dynamic, easy-to-use live presentations and powerful control of all of your data and video content. Do it all – mix and manage multiple sources, destinations and windows, in 2D and 3D together, in any display configuration – seamlessly, every time.

Churches choose Christie® Nitro Solutions

Christie now provides moving projectors and lights that offer the flexibility to create displays on any surface (ceilings, floors, walls, screens, etc.) and move the images to other surfaces; automatically with ease. This combination of yoke and projector lets you dynamically move video and lighting effects – which gives you new opportunities for more creative and unique displays and events. These solutions enable you to integrate and control your lighting equipment and video projectors easily with the same console – while delivering high brightness, performance and reliability for your weekly services and seasonal celebrations.

Churches choose Christie's broad range of projectors

As well as providing the brightest HD projector in the world, Christie offers the broadest range of LCD, 1-chip and 3-chip DLP® projectors – ideal for auditoriums, breakout rooms, meeting rooms, sanctuaries, worship halls and more. Each model provides the brilliant color, quality presentation, reliable performance and service you expect from Christie – to help spread the Good News.

Churches choose Christie 3D

Christie has the innovation, breadth of technologies and integration expertise to offer 2D and 3D display solutions to fit your needs for today and tomorrow. With advanced 3D capabilities, the Christie Mirage Series offers the broadest range of resolutions and brightness levels. As well, Christie offers full upgrade paths for select 3-chip DLP® 2D projectors to Mirage Series models.
