**Value proposition**
Christie is a U.S.-based manufacturer of high-performing, reliable, and secure video display and processing solutions for government applications. This includes projection systems, video wall systems, direct view displays, content management, video processing and video routing solutions. Our products are TAA-compliant with many also being BAA-compliant. Christie also provides professional services such as system engineering, installation support and support level services for government projects globally. As a manufacturer of a wide range of display solutions, a commitment to quality, and expertise in fulfilling government requirements, choosing Christie ensures a simple and seamless process from concept to installation to commissioning and beyond.
