

END-OF- PRODUCTION

Christie 4K7-HS

As part of our commitment to innovation, we regularly review our product lineup to ensure it aligns with your needs and market demands. As a result on **February 1, 2026** the Christie® 4K7-HS projector reached end-of-production.

We offer similar solutions, such as our **4K860-iS** and **4K1000-KS** projectors that continue to deliver the performance and reliability you count on.

Support for the 4K7-HS projector will continue for three (3) years from the end-of-production date, through **February 1, 2029**, while parts are available. If your projector is still under a standard or extended warranty, you'll continue to receive support for the applicable warranty period.
