

END-OF- PRODUCTION

For several Christie GS Series projectors

We continually evaluate market demands to ensure we properly balance product portfolios to accurately address our customer's needs.

As a result, on August 11, 2021 several Christie GS Series projectors reached end-of-production:

- DHD630-GS - all HD models
- DWU630-GS - black, TAA-compliant model only
- DHD850-GS - black, non-TAA-compliant model only
- DHD1075-GS - all HD models

We still offer similar viable options in WUXGA resolution to meet your needs as outlined below.

We'll continue to provide support for 3 years from the end-of-production date, until August 11, 2024, while parts are available, unless the product is covered under a warranty or extended warranty, in which case we'll continue to provide support for the applicable warranty period.

End-of-production models"

DHD630-GS
171-001102-01 (white, TAA-compliant)

DWU630-GS
171-003104-01 (black, TAA-complaint)
