Summary

The Christie Blending Tool is a computer application to blend images on a detected image. The tool can blend up to four projectors in 1x4, 4x1, or 2x2 configurations using a supported camera.

Installation

1. To install the blending software on a laptop or computer, run **ProjectorBlendingTool_V1.00_Christie.exe** (binary).

For installation and operation instructions, see the *Christie Projector Blending Tool User Manual* (P/N: 020-000710-01).
