# Software Release Notes

---

## GS Series version 1.3

This document describes the changes from GS Series version 1.2 to version 1.3.

## Affected products

The following products are affected:

- Christie DWX555-GS
- Christie DHD555-GS
- Christie DWU555-GS

## Purpose of release

The primary purpose of this software release is:

- Provide minor fixes and improvements over version 1.2 software.

## Change details

The following changes have been implemented in this release.

### Scaler

The following fixes and improvements have been made:

- Added confirmation for the lens calibration to avoid an accidental lens calibration.
- Disabled the Color Maintenance feature.
- Enabled the Digital Zoom setting recovery feature.
- Modified the Color Enhancement settings.

### LAN

The following fixes and improvements have been made:

- Added support for Chrome.
- Provided the ability for the user to open the About page from the projector's web UI.
- Automated the Creston connection function so the projector automatically resets the connection count to continuously connect between the Creston controller and the projector.
