

Christie Rack Mount Pedestal

Digital cinema projection for
exhibition and post production

Designed for easy, secure,
digital cinema projection

With the new Christie® Rack Mount Pedestal, exhibitor and post production theaters worldwide can cost-effectively streamline their digital cinema projection workflow. This next generation model features the security of a full projector attachment and the convenience of pedestal height adjustment, as well as ample storage and access to all required projection equipment and cables.

CHRISTIE®

Christie Rack Mount Pedestal for Christie Solaria Series 2 projectors

108-416102-01

Christie's Rack Mount Pedestal completes an end-to-end, high-performance and cost-effective digital cinema projection display system from a single-source manufacturer.

- ▲ For additional safety easily secure the four projector feet
- ▶ Conveniently store the light power supply (LPS) inside the rack

When installing digital cinema equipment, maximize your available space with the next generation of Christie's pedestal, for the most secure projector installation, easy visual data monitoring and management, and convenient equipment storage and access.

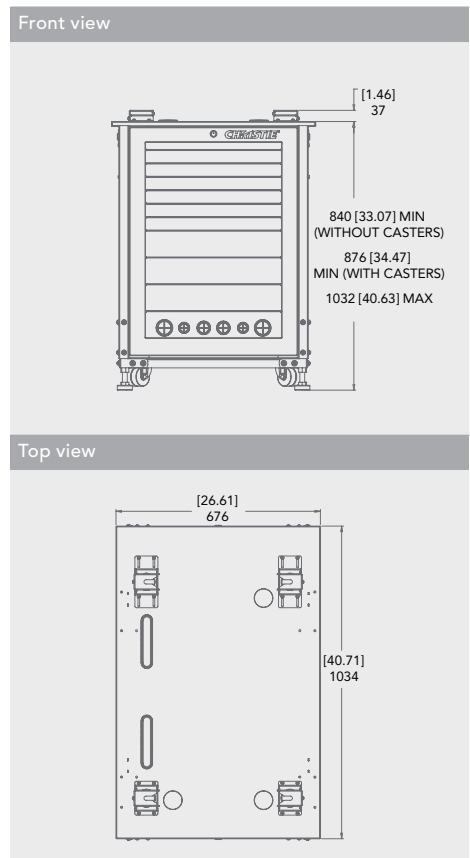

Cost-effective versatility and safety, featuring adjustable stand height to suit varying port holes, easy to move and position projector with casters, and secure projector installation with four foot-lock brackets

Delivers streamlined workflow and space requirements for equipment with up to 30 RU of rack space (12 RU with Lamp Power Supply (LPS) installed) and can be configured into a side-rack mount option as well

Engineered specifically for Christie Solaria™ Series 2 projectors, the new Christie pedestal provides easy power cable storage and access resulting in efficient and safe work environments

Underwriters Laboratory (UL) tested for high performance and secure projection workflow
